

RHA is a Certified Care Management Agency by the North Carolina Department of Health and Human Services. The goal of Tailored Care Management is to improve the health of North Carolinians through a coordinated system of care, which addresses both medical and non-medical components of health.

## Program Overview:

Tailored Care Management is a North Carolina Medicaid service option. Care Managers coordinate all aspects of a person's health care needs to improve their wellbeing and quality of life. Tailored Care Management provides specialized support to current members who have significant mental health needs, severe substance use disorders, or intellectual/developmental disabilities (IDD).

## We are hiring for:

- Care Management Supervisor
- Care Manager Licensed
- Care Manager
- Care Management Extender
